This beautiful character home circa 1910 has provided the current owners with a wonderful lifestyle for the past 30 years.

Always in vogue, this freestone fronted symmetrical Villa is ideal for growing families & exudes both style & substance. Ideally positioned between the city & the sea, convenience & charm combine here in perfect harmony.

Generous accommodation provides for a balance of both formal & informal living spaces, together with four(4) double bedrooms.

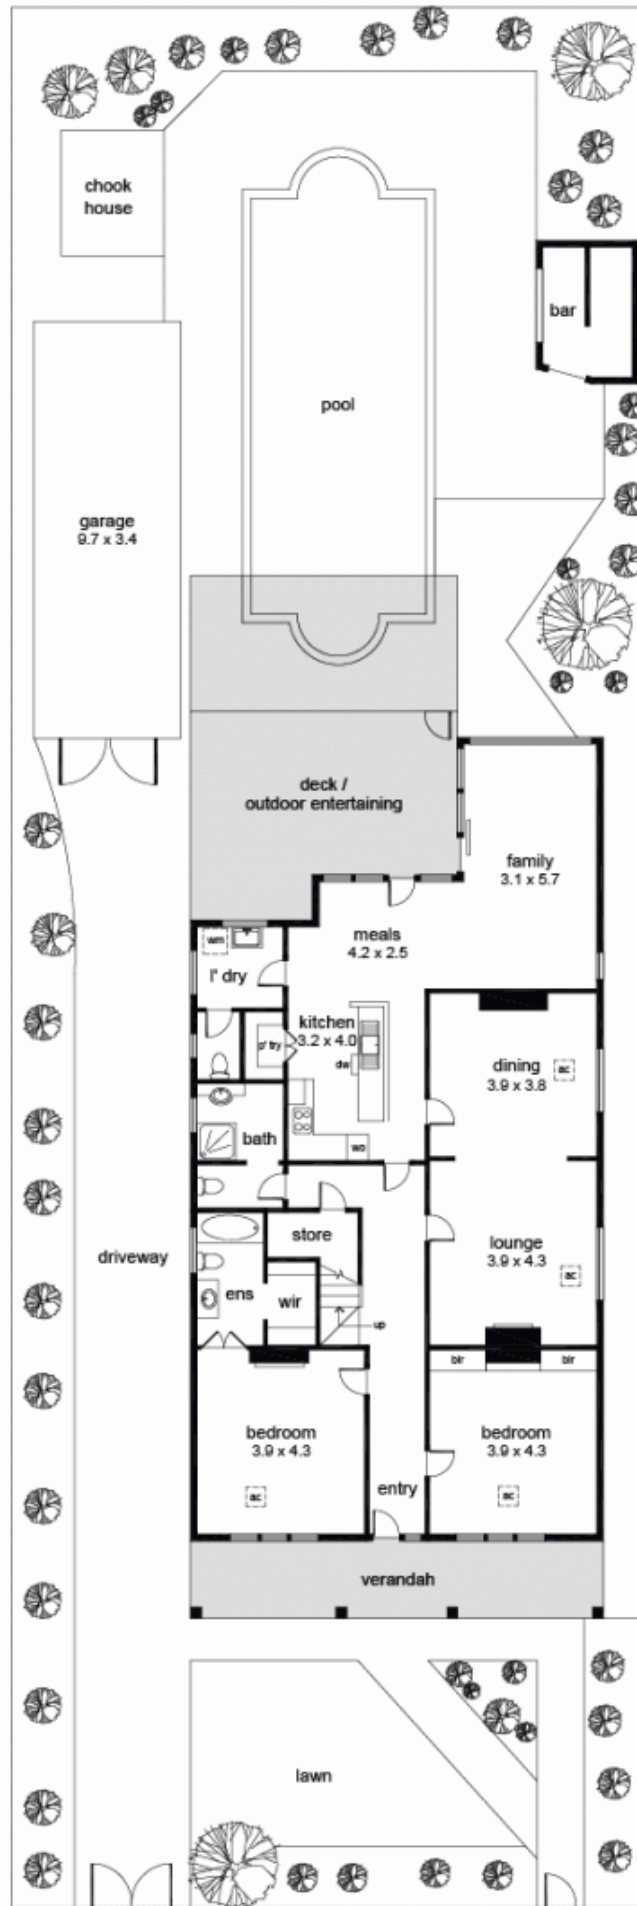

The two(2) upper level bedrooms are separate from the master suite making this area ideally suited to a teenagers retreat.

The stunning in-ground swimming pool creates a resort style ambience & the beautiful landscaped grounds include extensive decking & storage options.
