

34 Maesbury Street Kensington SA

2  1 

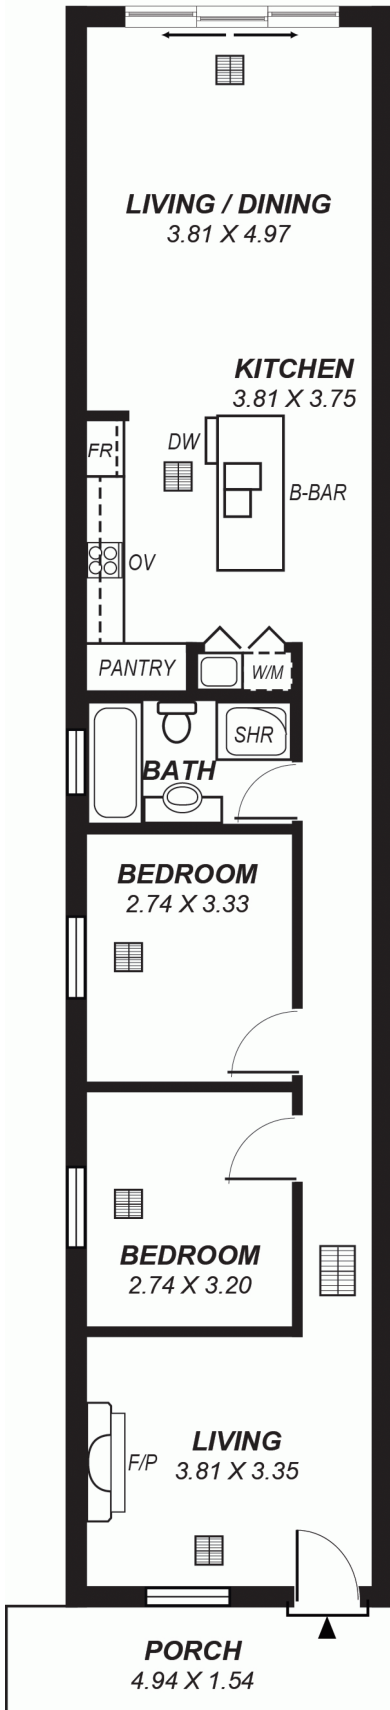

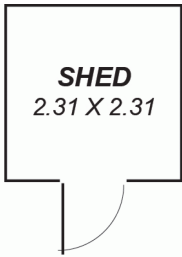

This is the most stunning cottage superbly located in the elite suburb of Kensington and a short stroll to The Parade. As you enter you are immediately impressed by the feeling of space and natural light. To the front is the formal sitting room with open fire place. Travelling down the hallway are two double bedrooms with built-in robes. To the rear is the modern bathroom with separate bath and shower plus the w.c. is plumbed to the rainwater tank. The white kitchen is well designed with an abundance of cupboard space and equipped with stainless steel appliances; this overlooks the family room with sliding doors to the rear landscaped garden. This is a picture perfect home which has been fully renovated to the highest level.
